hi

I am unsuccessfully trying to get my Sparc station 10 to run the X server. The error i get is

#X

(WW) SUNCG3: No matching Device section for instance (BusID SBUS:/iommu@f,e0000000/sbus@f,e0001000/cgthree@0,0) found (EE) No devices detected.

the device is

ok > show-devs

<edit>

/iommu@f,e0000000/sbus@f,e0001000/cgthree@0,0

<edit>

my questions are –

Is the `suncg3` the appropriate driver for this frame buffer?

What should the BusID read?

BusID "SBUS:/iommu@f,e0000000/sbus@f,e0001000/cgthree@0,0" ?

Could this be the mouse?

What mouse configuration could I use?

I am using a sun keyboard with the mouse attached to the keyboard.

If you have this configuration could you send me your XF86Config-4?

This is a fresh install of the testing track with the new installer

bata 4 netinst CD Image. It did not detect it in the install nor was I

able to put in SBUS when it asked for my device running

`dpkg-reconfigure xserver-xfree86`. Should I file a Install report or is

this equipment not supported anymore? If I need to send an Install

report can someone guide me to the guide?

Have tried both `xserver-xfree86` and `xserver-xfree86-dbg`.

I want to run the X server like this –

`X -query <myotherbox>`

junk

## Debian-User: Sparc station 10 install X not working

full error

This is a pre-release version of XFree86, and is not supported in any way. Bugs may be reported to [XFree86@XFree86.Org](mailto:XFree86@XFree86.Org) and patches submitted to [fixes@XFree86.Org](mailto:fixes@XFree86.Org). Before reporting bugs in pre-release versions, please check the latest version in the XFree86 CVS repository (<http://www.XFree86.Org/cvs>).

XFree86 Version 4.3.0.1 (Debian (static) 4.3.0.dfsg.1-4 20040529123814 root@vore.debian.org)

Release Date: 15 August 2003

X Protocol Version 11, Revision 0, Release 6.6

Build Operating System: Linux 2.4.26 sparc [ELF]

Build Date: 29 May 2004

Before reporting problems, check <http://www.XFree86.Org/> to make sure that you have the latest version.

OS Kernel: Linux version 2.4.26-sparc32
