what is the environment variables ??

you will need at least LC\_ALL and LANG defined

what is the list of supported locale fonts on the machine ??  
locale -a

if you do nto see "chinese" references, you will need  
to install additional packages

what fonts is installed ?  
xlsfonts |grep -i gb2312  
xlsfonts |grep -i big5

for more debugging fun  
<http://linux-cjk.net/> ( cjk-howto )

c ya  
alvin
