Hi

This site was mentioned on my LUG list today:
<http://www.explorerdestroyer.com/>

It's a neat idea, and a nice feeling after all those "You must use IE" screens you trip over from less thoughtful sites. I've put it on the front of my personal homepage[0] and it seems to work quite well.

That just doesn't pass my reality check. Is there any official Google document that says that they will pay \$1 bounties?
