| Do you have something like

| CustomLog /var/log/apache2/access.log combined

| in your virtualhost?

| See http://httpd.apache.org/docs/2.0/mod/mod_log_config.html#customlog

Q: What does friendship among Soviet nationalities mean?

A: It means that the Armenians take the Russians by the hand; the

Russians take the Ukrainians by the hand; the Ukrainians take

the Uzbeks by the hand; and they all go and beat up the Jews.
