[FC3]

Hi

As many ppl have read or expienced, yum updates are suddenly turned into a nightmare.

For 3 days now i cant update the system (and cPanel uses it too and hangs also with updates).

```
#####
```

```
# yum clean all (i hated this because it deleted 200+ packages that i wanted to save for future boxes to update with to save bandwidth)
```

```
Cleaning up Everything
```

```
0 headers removed
```

```
0 packages removed
```

```
0 metadata files removed
```

```
0 cache files removed
```

```
# yum update
```

```
Setting up Update Process
```

```
Setting up Repos
```

```
core 100% |=====| 1.1 kB 00:00
```

```
dries 100% |=====| 0 B 00:00
```

```
//var/cache/yum/dries/repomd.xml:1: parser error : Document is empty
```

```
^
```

```
//var/cache/yum/dries/repomd.xml:1: parser error : Start tag expected, '<' not found
```

```
^
```

```
Cannot open/read repomd.xml file for repository: dries
```

```
Error importing repomd.xml from dries: Error: could not parse file
```

```
//var/cache/yum/dries/repomd.xml
```

```
#####
```

```
At the moment is stalls on "dries" but also happens on the others.
```

```
This are the repo's i use:
```

```
#####
```

the yum errors latly are increasing, yum now wont work at all anymore

Fedora: the yum errors latly are increasing, yum now wont work at all anymore

```
-rw-r--r-- 1 root root 129 Sep 21 19:04 dag.repo  
-rw-r--r-- 1 root root 163 Sep 21 19:04 dries.repo  
-rw-r--r-- 1 root root 255 Sep 21 19:04 extras.repo  
-rw-r--r-- 1 root root 233 Sep 21 19:04 fedora-devel.repo  
-rw-r--r-- 1 root root 244 Sep 21 19:04 fedora.repo  
-rw-r--r-- 1 root root 280 Sep 21 19:04 fedora-updates.repo  
-rw-r--r-- 1 root root 282 Sep 21 19:04 fedora-updates-testing.repo  
-rw-r--r-- 1 root root 477 Sep 21 19:04 freshrpms.repo
```

#####

and disabled the -testing -devel repo's.

I was in need to install a package but i went to the orginal site and downloaded a source and compiled it. I realy want to see this fixed.

Because i am not the only user and i was not the first reporter of this.

I hope the FC team / yum team will take a close look on this.
