Hi!

I would like to know, where I can find the package for the last kernel-devel for Fedora Core 3?

I have searched around the web but the most recent kernel-devel I have found is kernel-devel-2.6.12-1.1372\_FC3.

Can anybody please tell me where I can find the devel package for the last kernel-2.6.12-1.1381\_FC3?

Thanks!
