

Timer applet, alarm applet?

Source: <http://linux.derkeiler.com/Mailing-Lists/Fedora/2006-05/msg05354.html>

Hey all!

I've given a try to the timer applet (1.2, FC5/GNOME). Does anyone know a similar GNOME applet for reminders/alarms? The timer applet only does countdowns, and I'd like to set similar alarms at fixed date/time for instance.

Any hint?

Regards,
