Where was this on the wiki? This should be

mirrorslist=[http://mirrors.fedoraproject.org/mirrorlist?repo=updates-released-fc\\$releasever&arch=\\$basearch](http://mirrors.fedoraproject.org/mirrorlist?repo=updates-released-fc$releasever&arch=$basearch)

I agree, Mike. If this info was really in the wiki, I'm sure my google searching would have spit it out someplace in the 1st 5 pages of hits. It did not. IIRC I used "yum FC5 repo" as the word search.
