I suspect a number of people felt that after the pleasant change while Karl has been away, his return was a good opportunity to try and keep things that way.

SS -- I've observed your behavior in this regard and I consider you one of the faction to which I directed my comments so you can count me out of your "number of people" suppositions. Get something straight here, I'm not defending Karl, I'm attacking your behavior... You're perfectly entitled to be an utter boor, and I don't control that, nor to I wish to, but, you don't speak for me.

Can you point to any of my behaviour that is "repulsive" and "unconscionable"? You are either have very different definitions from me as to what constitutes these (which may well be possible and doesn't mean you are wrong) or you are mistaken about me.
