Hi,

Yeah i read it too but is there really some work on the next génération of gnome platform. It seems to me that there is no activities about gnome 3.0. if there is a mailing list i will subscribe immediately ;)
Is there a roadmap ? after gnome 2.18, 2.20 ? later ?

Be nice with my poor english ;)

Hi;

Just spent an hour reading the Gnome "ThreePointZero" site. The ideas there are fascinating. Is there a site, mailing list, IRC, Wiki or other where a user can follow and perhaps get in on this discussion of possible future directions for Gnome? I found lots to read but couldn't find anything interactive.
