This is a FAQ.

<http://www.kernel.org/pub/linux/docs/lkml/#s9-16>

So it should be better to end this before it begins (again).

Bis denn

Real Programmers consider "what you see is what you get" to be just as bad a concept in Text Editors as it is in women. No, the Real Programmer wants a "you asked for it, you got it" text editor -- complicated, cryptic, powerful, unforgiving, dangerous.
