Hello!

We would like to offer V\_I\_A\_G\_R\_A soft tabs,

These pills are just like regular Viagra but they are specially formulated to be soft and dissolvable under the tongue. The pill is absorbed at the mouth and enters the bloodstream directly instead of going through the stomach. This results in a faster more powerful effect which lasts as long as the normal.

Soft Tabs also have less sidebacks (you can drive or mix alcohol drinks with them).

You can get it at: <http://virtual-apple.com/st/?coupon>

No thanks: <http://virtual-apple.com/rm.html>
