

[2.6 patch] drivers/char/drm/: small cleanups

Source: <http://linux.derkeiler.com/Mailing-Lists/Kernel/2005-08/6202.html>

From: Adrian Bunk (*bunk_at_stusta.de*)

This patch contains the following small cleanups:

- make two needlessly global functions static
- drm_sysfs.c: every file should #include the header with the prototypes of the global functions it is offering
