Hi, a user reported that had linking problems when compiling the kernel. After looking at his problem I found out that there was missing the compilation of stv0297.c when budget-ci.c was selected. So I made this simple patch that solved the user's problem.

The downstream bug report is this one:

[http://bugs.gentoo.org/show\\_bug.cgi?id=112997](http://bugs.gentoo.org/show_bug.cgi?id=112997)

If you need anything more from me, just mail me.

Signed-off-by: Carlos Silva <[r3pek@gentoo.org](mailto:r3pek@gentoo.org)>

Best regards
