I already reported this as ALSA bug #1293.

The problem is the lack of a tester, and I'm currently inclined to schedule this driver for removal although this PCI ID is still missing – either noone is using these settop boxes anymore or someone will volunteer to test patches.

"Is there not promise of rain?" Ling Tan asked suddenly out of the darkness. There had been need of rain for many days.

"Only a promise," Lao Er said.
