ACE Check Express Inc. was founded in 1996 as a partner and connecting link between hundreds of banks in the world engaged in e-commerce. Our specialists from the Institute of Economic Research created the ACE Money Turnover – the system that ensured quality, high speed and reliability of money transfer.

As of today, ACE Check Express Inc. is not only a link in a big chain of the world financial flows, but also an independent segment whose services are impossible to do without even for such bank as the Citibank ([www.citibank.com](http://www.citibank.com)). That is why our managers, from beginners to professionals in the money transfer, use the accounts of the Citibank for the Citibank has been our customer in the field of on-line money transfer and conversion into cash services since 2002.

We are proud of the reliability of our system, which ensures safe money transfers via Internet between our clients wherever they are.

Dream of becoming a manager with a high salary?

We can help you fulfill your dream of having a reliable, stable profit each month from working in the Internet. You may ask why. It is very simple – most probably, you know that the World Wide Web, or the Internet develops very quickly and now connects billions of people around the world and the Internet business really brings profits.

We have arranged and organized the flows of our customers' funds into the ACE Money Turnover system (hereinafter referred to as the AMT ) whose integral part you may become by making very little effort. And indeed, in order to become a manager for money transfer processing you need to have an account with a Australian or New Zealand bank, a computer connected to the Internet and a little free time.
