We could have independent problems with more or less the same symptoms, at least Teresa's problem seems much worse than ours, and if you and Ingo only experience a stuck delete key, it might be something else.

i experienced nothing in this area so far – if i experienced anything of the likes it would be long fixed! =B-)

Show-off...

ok, gotta qualify that with: '... and if it were easily reproducible and if the bug was in my code'. Much less of a show-off i guess? :)
