To: redhat-list@redhat.com

Hi there,
i hav som problem in iinstalling j2eesdk(sjsas_8*.bin)
for fedora core 2.

The error or responce is:

cannot access shared libraries libstdc++-6.2.2.so.3
File does not exist or path not correct.

Plz let me tel that i already tried to check if that
library is there r not but its indeed there but cannot
be accessed.

How 2 solve this problem?

Plz help me.

Thank U,
nagu
