with the word `help' in the subject or body (don't include the quotes),
and you will get back a message with instructions.

You must know your password to change your options (including changing
the password, itself) or to unsubscribe. It is:

motorola

Normally, Mailman will remind you of your redhat.com mailing list
passwords once every month, although you can disable this if you prefer.
This reminder will also include instructions on how to unsubscribe or
change your account options. There is also a button on your options
page that will email your current password to you.
