Welcome to the redhat-list@xxxxxxxx mailing list! Welcome to redhat-list@xxxxxxxx!

To post to this list, send your email to:

redhat-list@xxxxxxxx

General information about the mailing list is at:

<https://www.redhat.com/mailman/listinfo/redhat-list>

If you ever want to unsubscribe or change your options (eg, switch to or from digest mode, change your password, etc.), visit your subscription page at:

<https://www.redhat.com/mailman/options/redhat-list/ajason%40motorola.com>

Re: Welcome to the "redhat-list" mailing list (Digest mode)

You can also make such adjustments via email by sending a message to:

redhat-list-request@xxxxxxxxxx

with the word `help' in the subject or body (don't include the quotes), and you will get back a message with instructions.

You must know your password to change your options (including changing the password, itself) or to unsubscribe. It is:

motorola

Normally, Mailman will remind you of your redhat.com mailing list passwords once every month, although you can disable this if you prefer. This reminder will also include instructions on how to unsubscribe or change your account options. There is also a button on your options page that will email your current password to you.
