Debu,  
Iptables might be an alternative for you if you don't want to compile ssh; it should be able to do most if not all things tcp wrappers can do...

Aaron

Thanks a lot john, for quick response, :)

yeah..got it its not there.

Now how do i go about that, its a running server. i dun want to compile ssh again!!

ldd /usr/sbin/sshd

look for libwrap.so

RE: Re: ssh with tcp\_wrappers!! contd/-

Dear all,

How can i make sure that my ssh is compiled with tcp\_wrappers?
