Hi Mark,

Just check the link-

[http://www.linuxhomenetworking.com/wiki/index.php/Quick\\_HOWTO : Ch31 : Centralized Logins Using](http://www.linuxhomenetworking.com/wiki/index.php/Quick_HOWTO:_Ch31:_Centralized_Logins_Using)

Thanks (sorry for a late reply – I've been out of town since Wed). That tells me what I need for users changing passwords. I'm still looking for password aging.
