

SuSE: [SLE] 9.0 coming tomorrow (Sep. 30)?

[SLE] 9.0 coming tomorrow (Sep. 30)?

Hmmm...

"One product that will be released imminently is Suse Linux 9.0. The latest version of this product, which is largely aimed at home users, will be available tomorrow, 30 September, Burger revealed exclusively to IT Week."

<http://www.vnunet.com/News/1143941>

Tomorrow? Do the stores know this? Do the SuSE websites know this?

Or does Burger not know what he's talking about?

Hmmm...

Joe
