Would the Bozo, who insists on using "pk@xxxxxxxxxxxxxxxxxxxxxxx" as an email address please stop doing so!!! All you do is generate lots of bounced mail messages for users on this list.

James, when you receive mail that was obviously bounced by someone who has dropped his email account or is refusing mail from suse-linux-e, it does no good to send a fully quoted post to the list.

Better to send the mail to suse-linux-e-owner@xxxxxxxx where proper care can be given.
