Subject: Re: [opensuse] autoinst.xml

On Monday 24 March 2008, Brian K. White wrote:

Is there any way to split an autoinst.xml into a part thats common to a group of boxes, and small per-box parts that just have network settings and host name?

look for the rules documentation (rules.xml)
http://www.suse.de/~ug/autoyast_doc/rulesandclass.html#rulesfile

BTW, there is a mailinglist for autoyast:
opensuse-autoinstall@xxxxxxxxxxxx
