Gave us:

David Wright wrote:

Yep, my mother wouldn't class herself as a nerd, but since I gave her my old laptop at Christmas with SUSE 10 installed, she hasn't touched her Windows machine! I have to upgrade the desktop next time I go visit...

Upgrade the desktop to what and for what? If it ain't broke, don't fix it.

READ the post. FROM WindBlows TO Linux.

YOU are broke. How do we fix you?
