I love the newsgroups?

One thing I love about them, they don't keep log files of the news I read or files I download. Take a look at all the great features below and imagine! You'll LOVE it. Images, video, mp3 music, the real news from around the world... it's all inside waiting for you. With some of the fastest connections around it's no wonder people love it and keep coming back. They offer some of the best premium newsgroup access anywhere. Take a look, I know you'll love it as much as I do. They give you access to some of the best groups others may not carry. Great prices and support await you as you travel into the beautiful world of premium nntp access.
