the U.S. Justice Department's Nazi-hunting unit, he had unprecedented access to top-secret CIA and NATO archives. Mark Aarons is an investigative reporter and author of several books on intelligence related issues.

One day I was flipping channels, and came across "The Leon Charney Show".

Attorney Charney was interviewing Attorney Loftus, who has many many connections in the intelligence world.

Mr. Loftus described a room in NSA's Fort Meade that was actually British soil (diplomatic territory), with a British guard posted outside...
